A former chronic Pain patient, Jason Erickson's journey back to pain-free health inspired him to become a therapist, trainer, and educator.

Jason co-owns Eagan Massage Center, trains clients at Burn Personal Training, and works with elite athletes at events. He is active in the San Diego Pain Summit, AMTA, MTF, AFMTE, and IASP. His classes are found on HealthArtes.com.

He can be reached via email to JasonEseminars@gmail.com.

Dermoneuromodulation Introductory Workshop

with Jason Erickson, BCTMB, CPT, etc.

Empowering clients with knowledge increases your ability to help them. Improve client education to help reduce pain with manual methods. This class includes discussion of the nervous system and how it interrelates with the rest of the body, providing a framework of understanding to enhance all forms of massage and bodywork.

Participants learn to apply dermoneuromodulation (DNM) concepts to hands-on massage and bodywork.

These applications reflect an interactive approach to manual therapy that uses positioning of limbs and torso to affect deeper nerve trunks, combined with skin stretch to positively affect cutaneous nerves and relieve pain. This class includes upper and lower body applications.

“This class is a “must-attend” workshop! Jason is one of the most innovative therapists of our time!” ~ Susan Salvo

“Jason is an excellent instructor, relaxed, yet able to stay on topic. There was a good balance of lecture to hands on.”~ Philippa Dodson

Use important pain science concepts and applications to help people in pain. Register now!

“An excellent seminar! A perfect balance of hands-on and lecture. Really filled in a lot of the gaps. Now to incorporate in my practice.” ~ George Charlton
